AGENDA

**Meeting of the
Reclamation District 2084
Board of Trustees**

**Thursday, November 4th, 2021
8:30 am**

NOTICE TO THE PUBLIC

MODIFIED BROWN ACT REQUIREMENTS IN LIGHT OF A DECLARED STATE OF EMERGENCY

In Compliance with Government Code section 54953(e) added by Assembly Bill 361, members of the Board of Trustees and members of the public will participate in this meeting by teleconference. The video conferencing and call-in information for the Board of Trustees and the public is as follows:

Meeting Link (via Microsoft Teams):

[Click here to join the meeting](#)

Call in:

1-469-294-4078

Meeting number/access code: 543-435-309#

Any member of the public appearing virtually may speak during Public Comment. The Board of Trustees anticipates conducting all meetings in this manner until further notice. During this period of modified Brown Act Requirements, Reclamation District No. 2084 will use best efforts to swiftly resolve requests for reasonable modifications or accommodations with individuals with disabilities, consistent with the Americans with Disabilities Act, and resolving any doubt whatsoever in favor of accessibility.

1. Call to Order

2. Roll Call and Opening Remarks

3. Modified Brown Act

- a. Consider resolution 2021/2022-2 proclaiming a local emergency persists, re-ratifying the COVID-19 state of emergency, and re-authorizing remote teleconference meetings.

Enclosure 1: Agenda Item 3.a – Resolution 2021/2022-2

4. Public Comment (New Business)

This is an opportunity for members of the public to directly address the Board on subject matter not on the agenda within the jurisdiction of the Board.

5. Agenda Approval

6. Consent Items (Action Item)

- a. Approval of Meeting Minutes

1. October 7th, 2021

Enclosure 2: Agenda Item 6.a - Meeting Minutes

7. Board Items (Action item unless otherwise noted)

- a. Consider approval of Proposed Calendar Year 2022 meeting schedule

Enclosure 3: Agenda Item 7.a – Proposed Calendar Year 2022 Meeting Schedule

8. Operations and Maintenance Update (Informational/Action Item)

- a. Update from MBK Engineers

Enclosure 4: Agenda Item 8.a – November 2021 Engineer’s Report

- b. Ongoing Maintenance Items

9. Financial Management (Informational/Action Item)

- a. Invoicing

Enclosure 5: Agenda Item 9.a – October Financial Manager’s Report

- b. Overview of Draft Audit

Enclosure 6: Agenda Item 9.b – Draft FY20/21 Audit

10. Little Egbert Project Update (Informational Only)

11. Other Reports (Informational Only)

- a. Trustee Report(s)
b. General Manager’s Report
c. Counsel Report (if needed)

12. Adjourn

- a. The next Board meeting is scheduled for December 2nd, 2021.

-
- Any documents related to agenda items that are made available to the Board before the meeting will be available for review by the public by contacting info@rd2084.org.
 - If you need reasonable accommodation due to a disability, please contact info@rd2084.org at least 48 hours in advance of the meeting. This contact information may also be used for any questions you may have.
 - Public comments are generally limited to three (3) minutes but may be more or less at the discretion of the Board.
 - The Board may consider the agenda items listed above in a different order at the meeting, pursuant to the determination of the Board Chair. All items appearing on this agenda, whether or not listed expressly for action, may be deliberated upon and subject to action at the discretion of the Board.

ENCLOSURE 1

AGENDA ITEM 3.a

RECLAMATION DISTRICT NO. 2084

RESOLUTION NO. 2021/22 - 2

PROCLAIMING A LOCAL EMERGENCY PERSISTS, RE-RATIFYING THE COVID-19 STATE OF EMERGENCY, AND RE-AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF RECLAMATION DISTRICT 2084 PURSUANT TO THE RALPH M. BROWN ACT.

WHEREAS, RECLAMATION DISTRICT 2084 (RD 2084) is committed to preserving and nurturing public access and participation in meetings of the Board of Trustees; and

WHEREAS, all meetings of the RD 2084 are open and public, as required by the Ralph M. Brown Act (Gov. Code, §§ 54950 – 54963) (“Brown Act”), so that any member of the public may attend, participate, and watch the District’s legislative body conduct its business; and

WHEREAS, Assembly Bill 361 added Government Code section 54953(e) to make provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; and

WHEREAS, a proclamation is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District’s boundaries, caused by natural, technological, or human-caused disasters; and

WHEREAS, it is further required that state or local officials have imposed or recommended measures to promote social distancing, or, the legislative body meeting in person would present imminent risks to the health and safety of attendees; and

WHEREAS, the Board of Trustees previously adopted a Resolution, number 2021/22-1 on October 7, 2021, finding that the requisite conditions exist for the District to conduct remote teleconference meetings without compliance with paragraph (3) of subdivision (b) of section 54953; and

WHEREAS, as a condition of extending the use of the provisions found in Section 54953(e), the Board of Trustees must reconsider the circumstances of the state of emergency that exists in the District, and the Board of Trustees has done so; and

WHEREAS, such conditions persist in the District, specifically, the March 4, 2020 State of Emergency Proclamation remains active in California due to the threat of COVID-19; and

WHEREAS, the Board of Trustees does hereby find that the ongoing risk posed by the highly transmissible COVID-19 virus has caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District; and

WHEREAS, as a consequence of the local emergency persisting, the Board of Trustees does hereby find that the District shall continue to conduct its meetings without compliance with paragraph (3) of subdivision (b) of Government Code section 54953, as authorized by subdivision (e) of section 54953, and that the Board shall comply with the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of subdivision (e) of section 54953; and

WHEREAS, all meeting agendas, meeting dates, times, and manner in which the public may participate in the public meetings of the District and offer public comment by telephone or internet-based service options including video conference will continue to be posted on the District website and physically outside of the District office.

NOW, THEREFORE, THE BOARD OF TRUSTEES OF RECLAMATION DISTRICT 2084 DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. Recitals. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. Affirmation that Local Emergency Exists. The Board has reconsidered the conditions of the state of emergency and proclaims that a local emergency persists throughout the District because the high risk of transmissibility of COVID-19 continues to pose an imminent risk to the safety of persons in the District.

Section 3. Re-ratification of Governor's Proclamation of a State of Emergency. The Board hereby ratifies the Governor of the State of California's Proclamation of State of Emergency, effective as of its issuance date of March 4, 2020.

Section 4. Remote Teleconference Meetings. District staff are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act.

Section 5. Effective Date of Resolution. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) December 4, 2021, or such time the Board of Trustees adopts a subsequent resolution in accordance with Government Code section 54953(e)(3) to extend the time during which the District may continue to teleconference without compliance with paragraph (3) of subdivision (b) of section 54953.

PASSED AND ADOPTED by the Board of Trustees of RECLMATION DISTRICT 2084, this _____ day of _____, 2021, by the following vote:

NOTICE TO THE PUBLIC

MODIFIED BROWN ACT REQUIREMENTS IN LIGHT OF A DECLARED STATE OF EMERGENCY

In Compliance with Government Code section 54953(e) added by Assembly Bill 361, members of the Board of Trustees and members of the public will participate in this meeting by teleconference. The video conferencing and call-in information for the Board of Trustees and the public is as follows:

Meeting Link (via Microsoft Teams):

[Click here to join the meeting](#)

Call in:

1-469-294-4078

Meeting number/access code: 543-435-309#

Any member of the public appearing virtually may speak during Public Comment. The Board of Trustees anticipates conducting all meetings in this manner until further notice. During this period of modified Brown Act Requirements, Reclamation District No. 2084 will use best efforts to swiftly resolve requests for reasonable modifications or accommodations with individuals with disabilities, consistent with the Americans with Disabilities Act, and resolving any doubt whatsoever in favor of accessibility.

1. Call to Order

President Young called the meeting to order at 8:31am.

2. Roll Call and Opening Remarks

Trustees Present: Mark Young, President

Page Baldwin, Jr.

Marshall Cook

Richard Harris

Trustees Absent: Matt Gause

BOARD ITEM 6a was moved to follow Roll Call for compliance with modified Brown Act requirements.

3. Public Comment (New Business)

There was no public comment.

4. Agenda Approval

Trustee Harris moved to approve the agenda.

Trustee Baldwin seconded and it passed by unanimous vote of trustees present.

AYES: Young, Baldwin, Cook, Harris

NOES: (None)

ABSTAIN: (None)

RECUSE: (None)

5. Consent Items (Action Item)

a. Approval of Meeting Minutes

1. September 2nd, 2021

Enclosure 1: Agenda Item 5.a - Meeting Minutes

Trustee Harris moved to approve the consent items.

Trustee Cook seconded and it passed by unanimous vote of trustees present.

AYES: Young, Baldwin, Cook, Harris

NOES: (None)

ABSTAIN: (None)

RECUSE: (None)

6. Board Items (Action item unless otherwise noted)

a. Consider resolution 2021/22-1 proclaiming a local emergency, ratifying the COVID-19 State of Emergency, and authorizing remote teleconference meetings.

Enclosure 2: Agenda Item 6.a – Resolution 2021/22-1

Trustee Harris moved to approve resolution 2021/22-1.

Trustee Cook seconded and it passed by unanimous vote of Trustees present.

AYES: Young, Baldwin, Cook, Harris

NOES: (None)

ABSTAIN: (None)

RECUSE: (None)

b. Letter to LEJPA on 408 Permit (Informational Only)

Enclosure 3: Agenda Item 6.b – Letter to the Little Egbert Joint Powers Agency

President Young shared that the enclosed letter was sent to LEJPA so that the Agency may use the 408 permit that RD 2084 acquired in order to do geotechnical investigations to inform development of the Little Egbert Multi-Benefit Project.

- c. Update on District email address (Informational Only)

The District email address is up and running. Inquiries can be sent to info@rd2084.org.

7. Operations and Maintenance Update (Informational/Action Item)

- a. Update from MBK Engineers

Enclosure 4: Agenda Item 7.a – October 2021 Engineer’s Report

- b. Ongoing Maintenance Items

Engineer Moncrief covered the following during his Engineer’s Report:

- Raising of the levee freeboard will begin on October 18th. A biologist will do environmental training in advance. There will be less than 20 trucks over a three day period, and Trustee Baldwin will see some truck traffic by his property due to the ongoing RD 536 levee issue at the northern entrance point of the District.
- The subventions claim has been submitted. The next step is a annual inspection with the California Department of Fish and Wildlife and DWR. Engineer Moncrief will try to get this scheduled before October 18th.
- The preseason flood coordination meeting hosted by DWR is happening on October 19th.
- The RD 536 Levee repair is still ongoing. Exploratory trench work has been completed. There has been a significant amount of outreach to the County and DWR, as well as coordination with DWR Flood Maintenance Office to seek funding for a significant repair (if necessary). RD 536 is working to stabilize the site through the winter. DWR is planning to place a flood fight container in the northeast corner of RD 536, on property owner by Westervelt. RD 2084 will be able to use the supplies in that container if necessary. In addition, there are existing supplies and a rock stockpile at Brannan Andrus.

8. Financial Management (Informational/Action Item)

- a. Invoicing

Enclosure 5: Agenda Item 8.a – September Financial Manager’s Report

Financial Manager Brown provided an overview of the District’s financial situation. The FY 20/21 Audit will begin with an early review soon and advance through this month.

9. Little Egbert Project Update (Informational Only)

General Manager Nagy provided an update on the Little Egbert Multi-Benefit Project. Coordination with Solano County is continuing, including a site visit with Supervisor Mashburn upcoming on October 12th and furthering the partnership with the City of Rio Vista. The request for

funding through Solano County will be going to the Board of Supervisors in early November.

LEJPA consultants continue to work on the deliverables for the CNRA Proposition 68 grant. In addition, LEJPA staff are coordinating with CNRA on a potential increase in the grant amount.

LEJPA staff is continuing to work with DWR on the scope of work for the project as well as funding sources.

10. Other Reports (Informational Only)

a. Trustee Report(s)

Trustee Baldwin had questions about drilling at the RD 536 levee as part of the Little Egbert Project. President Young addressed the question and stated that the consultant team needs permission to conduct any drilling.

Trustee Harris reminded attendees that the next LEJPA Board meeting is October 8th at 10:30am.

b. General Manager's Report

None

c. Counsel Report (if needed)

None

11. Adjourn

a. The next Board meeting is scheduled for November 4th, 2021.

Trustee Harris moved to adjourn the meeting.

Trustee Baldwin seconded and it passed by unanimous votes of trustees present.

AYES: Young, Baldwin, Cook, Harris

NOES: (None)

ABSTAIN: (None)

RECUSE: (None)

The meeting was adjourned at 9:17am.

-
- Any documents related to agenda items that are made available to the Board before the meeting will be available for review by the public by contacting info@rd2084.org.
 - If you need reasonable accommodation due to a disability, please contact info@rd2084.org at least 48 hours in advance of the meeting. This contact information may also be used for any questions you may have.
 - Public comments are generally limited to three (3) minutes but may be more or less at the discretion of the Board.
 - The Board may consider the agenda items listed above in a different order at the meeting, pursuant to the determination of the Board Chair. All items appearing on this agenda, whether or not listed expressly for action, may be deliberated upon and subject to action at the discretion of the Board.

ENCLOSURE 3

AGENDA ITEM 7.a

PROPOSED 2022 MEETING SCHEDULE

Meetings of Reclamation District 2084 will follow the schedule below for calendar year 2022.

Time:

8:30 AM - 10:00 AM

Meeting Dates

1st Thursday of the Month
1/6/2021
2/3/2021
3/3/2021
4/7/2021
5/5/2021
6/2/2021
7/7/2021
8/4/2021
9/1/2021
10/6/2021
11/3/2021
12/1/2021

Note: There appear to be no potential conflicts with observed holidays.

ENCLOSURE 4

AGENDA ITEM 8.a

Water Resources ♦ Flood Control ♦ Water Rights

MEMORANDUM

November 4, 2021

TO: Reclamation District No. 2084
FROM: MBK Engineers
SUBJECT: **November 2021 Engineer's Report**

Trustees:

Described below are the items constituting the engineer's report to be discussed at your scheduled November 4, 2021 meeting.

2020-21 Subventions

We will be scheduling your annual subventions levee inspection with CDFW and DWR soon.

Freeboard Levee Project, North Levee - Asta Construction completed the waterside berm project the week of Oct 18-21. They placed an additional 100 tons of AB in order to meet the elevations required along the project areas and build out the ramp on the northwest corner. The as-built survey was performed 10/27; results will be available, along with Payment Recommendation prior to the meeting. A levee inspection will be performed 10/29 to check roadway conditions.

DWR Pre-Season Flood Coordination Meetings – The October 19 pre-season meeting described the La Nina trending weather pattern this fall and early winter. This typically has meant a warmer and dryer winter, by probability. Storms will still occur; record level storms.

October Storm Update – The recent atmospheric river dropped a considerable amount of rain in the region, and produced a large amount of local runoff, but systemwide the system absorbed the rain with limited impacts to the watershed. The Sacramento River at the Freemont Weir Crested on 10/27 at 26.35 feet, below the 32.0 crest elevation. The local gages have moved back down to normal tidal levels. The Mokelumne River crested at Bensons Ferry near 10.0' last night, and the San Joaquin River peak was not significant. Check for cracking, slumping, and sinkholes due to saturated embankment conditions; possible waterside erosion or rilling on the bare landside slopes could exacerbate existing conditions.

RD 536 Emergency Update – The DWR flood fight container has been delivered. The District is considering a stability berm for initial actions during November and regrading of the crown roadway with new gravel. The site will need to be monitored throughout the flood season. We have engaged Solano county Public Works for maintenance of their component of the roadway. We continue to work with DWR for FSRP large project funds to perform a more permanent repair.

Thanks,

A handwritten signature in black ink, appearing to read 'Michael Z. [unclear]', is written over the 'Thanks,' text.

Rules and rates

You may be eligible for a lower rate. Find out about optional rates or view a complete list of rules and rates, visit www.pge.com or call 1-800-743-5000.

If you believe there is an error on your bill, please call 1-800-743-5000 to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting www.cpuc.ca.gov/complaints/.

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

Important definitions

Rotating outage blocks are subject to change without advance notice due to operational conditions.

Demand charge: Many non-residential rates include a demand charge. Demand is a measurement of the highest usage of electricity in any single fifteen (or sometimes five) minute period during a monthly billing cycle. Demand is measured in kilowatts (or kW). High demand is usually associated with equipment start-up. By spreading equipment start-ups over a longer period of time, you may be able to lower demand and reduce your demand charges.

Time-of-use electric prices are higher every day during afternoons and evenings, and lower at other times of the day. Prices also change by season, with higher prices in the summer and lower prices in the winter.

Wildfire Fund Charge: Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

Power Charge Indifference Adjustment (PCIA): Ensures that non-exempt customers under PG&E's GT and ECR rate schedules or who purchase electricity (generation) from non-PG&E suppliers pay their share of generation costs.

Gas Public Purpose Program (PPP) Surcharge. Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Visit www.pge.com/billexplanation for more definitions. To view most recent bill inserts including legal or mandated notices, visit www.pge.com/billinserts.

Your Electric Charges Breakdown

Transmission	\$246.22
Distribution	2,536.70

Additional Messages

MCE is a not-for-profit, public agency that sources 60-100% renewable energy for your electricity supply.

MCE's generation charges replace what PG&E would otherwise charge you for electric generation. These charges are refunded to you in the 'Generation Credit' line on the 'Details of PG&E Electric Delivery Charges' page of your statement. PG&E continues to provide electric delivery and billing services. Gas services are not provided by MCE.

If you have any questions about MCE, please visit us online at www.mceCleanEnergy.org, or visit our local offices at:

Subject: Fwd: USPS PO Boxes - Renewal Payment Due

Categories: RD2084

Please see below

Begin forwarded message:

From: donotreply@usps.com
Date: October 9, 2021 at 11:33:02 PM PDT
To: Mark Young <MYOUNG@westervelt.com>
Subject: USPS PO Boxes - Renewal Payment Due

[EXTERNAL]

Dear KIM ERICKSON:

This is a friendly reminder that your Post Office Box renewal fee of \$210.00 for the PO Box listed below is due by 10/31/2021.

PO Box: 698
Post Office location: 140 SACRAMENTO ST
RIO VISTA, CA 94571

Your options for making a payment are:

- Pay Now: sign in to usps.com and access your PO Boxes Online account to make a one-time payment.
- Pay at a self service kiosk (SSK): you can find an SSK at [Find a kiosk](#) or by downloading the USPS mobile application at <http://www.usps.com/mobile/info.htm>.
- Pay by mail: send a check or money order payable to "U.S. Postal Service" to the Postmaster where your PO Box is located. [Include your PO Box number on the face of the check]
- Pay in person: pay at the Post Office where your PO Box is located using cash, check, credit card, or debit card.

Note: Caller Service customers can only pay **in person** or **by mail**. Caller Service receipts will be provided at the caller service pickup window.

If we have not received your payment by the 10th day after the due date, your PO Box service will be terminated and all incoming mail will be returned to senders. To reopen your box, you would need to pay in person and, in addition to any unpaid box fees, you may be assessed a lock change or handling fee. To avoid this inconvenience and this extra cost, we encourage you to renew on time.

Take the stress out of remembering to make your next payment by signing up for our Automatic Renewal

payment program. It's free, it's fast, and it's easy! To do so, go to www.usps.com/poboxes, select "Rent or Renew a PO Box" and then sign in to your account.

You are receiving this renewal email because you provided an email address at the time you applied for your PO Box. These renewal emails will continue (annually or bi-annually) unless you want them to be discontinued. Please visit the Post Office where your PO Box is located, or send an email to the Internet Customer Care Center at uspstechnicalsupport@mailps.custhelp.com to stop receiving these email reminder notices.

Please do not respond to this system-generated email.

If you need assistance with PO Boxes Online, please visit USPS [Help](#) or [Contact Us](#).

Thank you for choosing the United States Postal Service. We appreciate your business.

AGENDA ITEM 9.b

Management Discussion and Analysis

**Reclamation District 2084
Board of Directors
November 2021**

Reclamation District 2084 (California) provides this Management Discussion and Analysis of the District Financial Position and strategic direction for the District Fiscal Year of July 1, 2020 to June 30, 2021 (FY 20/21).

Fiscal Year 20/21 saw tremendous improvement and fortification of Reclamation District No. 2084 both from an administrative and physical transformation perspective. Working with the primary landowner, the District completed efforts to transform the area encompassing Little Egbert Tract into a fully operational Reclamation District. The District has continued to serve a key role in levee maintenance, Delta Preservation and land stewardship.

The District has been focused on a more proactive levee operations and maintenance (O&M) program. O&M work completed during the Fiscal Year included a levee freeboard project around the levee crown, minor erosion and anomaly repair at seven sites along the waterside slope, treatment for noxious weeds along the levee and main roads, as well as general pump maintenance. In addition to levee O&M, the District worked in an administrative capacity to stand up and support the Little Egbert Joint Powers Agency (LEJPA). LEJPA is a Joint Powers Authority agreement between RD2084 and RD536, which will work to advance the Little Egbert Multi Benefit Project (LEMBP) by securing State, Federal and Local funding.

Looking forward to Fiscal Year 2021/2022, the District will continue to support efforts to advance the LEMBP and continue to proactively manage the O&M and administrative concerns of the District. As part of these efforts, the District will continue to utilize the Delta Levees Maintenance Subventions Program (Subventions Program) and the Delta Levees Special Projects Program (Five-Year Planning) funding secured from the State of California. The Subventions program provides the District 75% reimbursement for eligible expenses for routine O&M of the levees, which will help offset levee maintenance expenses for FY 21-22. The Five-Year Plan is a fully funded program to help the District assess the current conditions of their levees and develop a strategic five-year plan for rehabilitation of their facilities to the desired level of protection.

The attached audit and financial reports are designed to provide a general overview into the District finances and to show accountability for the money it receives. If you have any questions regarding this report or need additional financial information, please contact Jeff Brown, Financial Manager at (916) 296-4279.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Reclamation District 2084, California
Rio Vista, California

We have audited the accompanying financial statements of the governmental activities, each major fund as applicable, and the aggregate remaining fund information of Reclamation District No. 2084, California, (the District) as of June 30, 2021 and 2020, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the State Controller's Audit Requirements for California Special Districts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Reclamation District No. 2084, California as of June 30, 2021 and 2020, and the respective changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America, as well as accounting systems prescribed for special districts by the Office of the California State Controller.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on page 3, and the respective budgetary comparisons for the governmental fund on pages 18 and 19 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

RECLAMATION DISTRICT 2084, CALIFORNIA

Notes to Financial Statements
Years Ended June 30, 2021 and 2020

1. DESCRIPTION OF THE DISTRICT AND SIGNIFICANT ACCOUNTING POLICIES

The District

Reclamation District 2084, California (the “District”) was formed under an Act of the Legislature of the State of California November 5, 1945 and is governed by a Board of Trustees.

The levee system protecting Little Egbert Tract is under the jurisdiction of Reclamation District No. 2084 (District). This 5.37 miles of levee is along the right bank of Cache Slough, along the west bank of the Yolo Bypass. This is a non-project levee (not part of the Sacramento River Flood Control Project). The District is located east of Egbert Tract (which is under the jurisdiction of Reclamation District 536), and west of Ryer Island (which is under the jurisdiction of Reclamation District 501), The levee protects approximately 3,000 acres and approximately 5 residents on Little Egbert Tract. The area protected by the District’s levee system is used for agricultural purposes. There are a number of natural gas wells within the area as well.

Reporting Entity

The District has reviewed criteria to determine whether other entities with activities that benefit the District should be included within its financial reporting entity. The criteria include, but are not limited to, whether the entity exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters), the scope of public service, and a special financing relationship.

The District has determined that no other outside entity meets the above criteria, and, therefore, no agency has been included as a component unit in the District’s financial statements. In addition, the District is not aware of any entity that would exercise such oversight responsibility that would result in the District being considered a component unit of such entity.

Basis of Presentation and Measurement Focus

The accounting policies of the District conform to generally accepted accounting principles, as applicable to governmental units. The basic financial statements of the District are comprised of the following:

- Government-wide financial statements
- Government fund financial statements
- Notes to the basic financial statements

Government-wide financial statements – The statement of net position and the statement of activities display information about the District as a whole. These statements include the financial activities of the primary government.

The government-wide statements are prepared using the economic resources measurement focus. Such is the same approach used in the preparation of the fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund

RECLAMATION DISTRICT 2084, CALIFORNIA

Notes to Financial Statements Years Ended June 30, 2021 and 2020

financial statements, therefore, include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each function or program of the District's governmental activities. Direct

expenses are those that are specifically associated with a service, program, or department and are, therefore, clearly identifiable to a particular function.

Fund financial statements – Fund financial statements report more detailed information about the District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds include a Balance Sheet, which generally includes only current assets and current liabilities, and a Statement of Revenues, Expenditures, and Changes in Fund Balance, which reports on the sources (i.e. revenues and other financing sources) and uses (i.e. expenditures and other financing uses) of current financial resources. Currently, the District has only one governmental fund, the general fund. The District considers all revenues available if they are collected within 90 days after year-end.

As the District does not operate on a fee-for-service basis, but rather from property tax assessments, the accompanying financial statements are presented as a governmental fund basis, rather than on a proprietary fund basis.

The General Fund is the general operating and maintenance fund of the District. It is used to account for all financial resources.

As of June 30, 2021, the Board of Trustees has not adopted a fund balance policy in accordance with GASB 54 requirements. As such, there are no assigned and/or committed fund balances as of June 30, 2021.

Fund balance classifications under GASB 54 requirements are as follows:

- **Nonspendable Fund Balance** – for funds that cannot be spent due to their form or funds that legally or contractually must be maintained intact.
- **Restricted Fund Balance** – for funds that are mandated for specific purposes by external parties, constitutional provisions, or enabling legislation.
- **Committed Fund Balance** – for funds set aside for specific purposes by the District's highest level of decision-making authority (Board of Trustees) pursuant to formal action taken, such as a majority vote or resolution. These committed funds cannot be used for

RECLAMATION DISTRICT 2084, CALIFORNIA

Notes to Financial Statements
Years Ended June 30, 2021 and 2020

any other purpose unless the Board of Trustees removes or changes the specific use through the same type of formal action taken to establish the commitment. Board of Trustee action to commit fund balance needs to occur within the fiscal reporting period, no later than June 30th; however, the amount can be determined with the release of the financial statements.

- **Assigned Fund Balance** – Funds that are constrained by the District’s intent to be used for specific purposes, but are neither restricted nor committed.
- **Unassigned Fund Balance** – The residual positive net resources of the general fund in excess of what can properly be classified in one of the above four categories.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted fund balance are considered to have been spent first. Similarly, when expenditures are incurred for which amounts in any of the unrestricted fund balance classifications can be used, committed amounts should be reduced first, followed by assigned amounts and then unassigned amounts.

Revenues – Exchange and Non-exchange Transactions – Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, are recorded under the accrual basis when the exchange takes place. Under the modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Available” means the resources will be collected within the current fiscal year or are expected to be collected soon thereafter to be used to pay liabilities of the current fiscal year.

Non-exchange transactions are those in which the District receives value without directly giving equal value in return, such as property taxes. Under the accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Deferred Revenue – Deferred revenue arises when assets are received before revenue recognition criteria have been satisfied. On governmental fund financial statements, receivables associated with non-exchange transactions that will not be collected within the availability period have been offset with deferred revenue.

Expenses/Expenditures – Under the accrual basis of accounting, expenses are recognized at the time they are incurred. However, the measurement focus of governmental fund accounting is on decreases in the net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of costs, such as depreciation and amortization, are not recognized on governmental fund financial statements.

Basis of Accounting

Basis of accounting refers to when transactions are recorded in the financial records and reported in the financial statements. Government-wide financial statements are prepared using the accrual

RECLAMATION DISTRICT 2084, CALIFORNIA

Notes to Financial Statements
Years Ended June 30, 2021 and 2020

basis of accounting. Governmental fund financial statements use the modified accrual basis of accounting. Proprietary funds would use the accrual basis of accounting.

Budgets and Budgetary Accounting

State law does not require the District's governing board to adopt a budget. The District's governing board adopts a budget each year, which is used as a management tool.

Cash Equivalents

The District considers all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents.

Capital Assets

Pumps and related improvements are recorded as assets in the government-wide financial statements. For the fund financial statements, capital outlay is recorded as expenditures of the general fund. Capital assets are recorded at historical cost if purchased or constructed. Contributed capital assets are recorded at estimated fair market value at the date of contribution.

The District's capitalization thresholds are \$5,000 for furniture and equipment, \$20,000 for pumps and improvements, and \$100,000 for levee improvements.

Maintenance and repairs are charged to operations when incurred. Betterments and major improvements that significantly increase the values, change capacities, or extend the useful lives are capitalized. Upon sale or retirement of fixed assets, the cost and the related accumulated depreciation, as applicable, are removed from the respective accounts and any resulting gain or loss is included in the results of operations.

Capital assets are depreciated or amortized using the straight-line method.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for *deferred outflows of resources*. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has no deferred outflows of resources as of June 30, 2021 and 2020.

In addition to liabilities, the statement of net position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and, accordingly, will not be recognized as an inflow of resources (revenue) until such time. The District has no deferred inflows of resources as of June 30, 2021 and 2020.

Landowner Assessment from Primary Landowner

The District made assessments against one property within the District in accordance with requirements of State law. The District bills and collects those assessments and records such assessments on an accrual basis.

RECLAMATION DISTRICT 2084, CALIFORNIA

Notes to Financial Statements
Years Ended June 30, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 28, 2021, the date on which the financial statements were available to be issued. Based on such evaluation, no additional adjustments to or disclosures in the financial statements were deemed necessary other than the event described in Note 4.

2. CAPITAL ASSETS

A summary of changes to capital assets for the year ended June 30, 2021, the total of which is recorded in the government-wide statements, is shown as follows:

	<u>June 30, 2020</u>	<u>Additions</u>	<u>Transfers/ Disposals</u>	<u>June 30, 2021</u>
Pumping structure	\$ 124,591	\$ -	\$ -	\$ 124,591
Pump motors and related equipment	<u>99,877</u>	<u>-</u>	<u>-</u>	<u>99,877</u>
	224,468	-	-	224,468
Accumulated depreciation	<u>(118,946)</u>	<u>(5,616)</u>	<u>-</u>	<u>(124,562)</u>
	<u>\$ 105,522</u>	<u>\$ (5,616)</u>	<u>\$ -</u>	<u>\$ 99,906</u>

Depreciation expense for the years ended June 30, 2021 and 2020 was \$5,616 and \$5,617, respectively, and was charged to the single function of the District: flood protection.

3. NEW GASB ACCOUNTING PRONOUNCEMENTS

Implemented New GASB Pronouncements

GASB Statement No. 84, *Fiduciary Activities* – The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.

This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and post-employment benefit arrangements that are fiduciary activities.

RECLAMATION DISTRICT 2084, CALIFORNIA

Notes to Financial Statements
Years Ended June 30, 2021 and 2020

The implementation of this pronouncement did not have a significant impact on the District's financial statements.

GASB Statement No. 87, *Leases* – The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

The District currently has no operating leases and, as such, the implementation of this pronouncement did not have a significant impact on the District's financial statements.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period* – The objectives of this Statement (1) to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

The requirements of this Statement will improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information will also enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities.

The implementation of this pronouncement did not have a significant impact on the District's financial statements.

GASB Statement No. 90, *Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61* – The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information related to presentation of majority equity interests in legally separate organizations that previously was reported inconsistently. In addition, requiring reporting of information about component units if the government acquires a 100 percent equity interest provides information about the cost of services to be provided by the component unit in relation to the consideration provided to acquire the component unit.

RECLAMATION DISTRICT 2084, CALIFORNIA

Notes to Financial Statements
Years Ended June 30, 2021 and 2020

The implementation of this pronouncement did not have a significant impact on the District's financial statements.

GASB Statement No. 91, *Conduit Debt Obligations* – The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements with conduit debt obligations, and (3) related note disclosures.

The requirements of this Statement will improve financial reporting by eliminating the existing option for issuers to report conduit debt obligations as their own liabilities, thereby ending significant diversity in practice. The clarified definition will resolve stakeholders' uncertainty as to whether a given financing is, in fact, a conduit debt obligation. Requiring issuers to recognize liabilities associated with additional commitments extended by issuers and to recognize assets and deferred inflows of resources related to certain arrangements associated with conduit debt obligations also will eliminate diversity, thereby improving comparability in reporting by issuers. Revised disclosure requirements will provide financial statement users with better information regarding the commitments issuers extend and the likelihood that they will fulfill those commitments. That information will inform users of the potential impact of such commitments on the financial resources of issuers and help users assess issuers' roles in conduit debt obligations.

The implementation of this pronouncement did not have a significant impact on the District's financial statements.

Upcoming New GASB Pronouncements

GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* – The primary objective of this statement is to improve financial reporting. This statement defines a Public-Private and Public-Public Partnership (PPP) as an arrangement where a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which is defined as a PPP in which (1) the operator collects and is compensated by fees from third parties, (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services, and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement. This statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in the statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period time in an exchange or exchange-like transaction.

Notes to Financial Statements
Years Ended June 30, 2021 and 2020

A transferor should generally recognize an underlying PPP asset in financial statements prepared using the economic resources measurement focus; however, in the case of an underlying PPP asset that is not owned by the transferor or is not the underlying asset of an SCA, a transferor should recognize a receivable measured based on the operator's estimated carrying value of the underlying PPP asset as of the expected date of the transfer in ownership. In addition, a transferor should recognize a receivable for installment payments, if any, to be received from the operator in relation to the PPP. A transferor also should recognize a deferred inflow of resources for the consideration received or to be received by the transferor as part of the PPP. Revenue should be recognized by a transferor in a systematic and rational manner over the PPP term. This Statement requires a transferor to recognize a receivable for installment payments and a deferred inflow of resources to account for a PPP in financial statement prepares using the current financial resources measurement focus. Governmental fund revenue would be recognized in a systematic and rational manner over the PPP term.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged. The District is in the process of evaluating the significance of the Statement on the financial statements.

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements* – This statement (1) defines a subscription-based information technology arrangement (SBITA), (2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability, (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA, and (4) requires note disclosures regarding SBITA. To the extent relevant, the standards for SBITA are based on the standards established in GASB Statement No. 98, *Leases*. The requirements of this statement are effective for fiscal years beginning after June 15, 2022 (fiscal 2023). Earlier application is encouraged. The District does not believe the requirements of this statement will have a significant impact on the District's financial statements.

4. RELATED PARTY TRANSACTIONS

The District and the Little Egbert Joint Powers Agency (LEJPA) share one common board member and, as such, LEJPA is considered a related party for financial reporting purposes.

In July 2021, the District and LEJPA amended the Seed Money Funding Agreement to advance the Little Egbert Multi-Benefit Project (LEMBP), whereby the District agreed to contribute an additional \$500,000 to LEJPA in support of the LEMBP. In accordance with the original agreement, the District provided \$200,000 to LEJPA in support of LEMBP during the year ended June 30, 2021.

In addition, three key employees of the primary landowner, Westervelt Ecological Services (Westervelt), are board members of the District. As such, Westervelt is considered a related party for financial reporting purposes. During the years ended June 30, 2021 and 2020, the District received assessments of \$691,030 and \$231,535, respectively, from Westervelt.

RECLAMATION DISTRICT NO. 2084, CALIFORNIA

Note to Schedules 1 and 2 – Budgetary Data

Year Ended June 30, 2020

1. BUDGETARY DATA

The District adopts an annual budget for the General Fund (consisting of operations, maintenance, and designated modernization projects) for each fiscal year. Budgets are adopted on a basis consistent with generally accepted government accounting principles. The final approved budget for 2020-2021 is presented in these financial statements. Minor line item adjustments were made to the original budget. As such, the original and revised budgets are presented in these financial statements.

DRAFT

OTHER REPORT

DRAFT

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Trustees of
Reclamation District 2084, California
Rio Vista, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of Reclamation District 2084, California (the District), which comprise District's basic financial statements as listed in the Table of Contents, as of June 30, 2021, and the related notes to the financial statements, and have issued our report thereon dated October 28, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we identified one deficiency in internal control that we consider to be a material weakness as described below.

Year-end Accounting Close and Preparation of the Financial Statements

The District relies upon the external auditors to make year-end trial balance adjustments and prepare the financial statements with related report disclosures, in order to reflect the financial statements in accordance with generally accepted accounting principles (GAAP). Such practice is common within the governmental industry; however, relying upon external auditors is an external control, not an internal control, over financial reporting. Audit standards require auditors to characterize such reliance on external parties as a material weakness when there are material audit adjustments and added disclosures.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
