b. Update on District elections (Informational)

The Trustee appointments were confirmed by the Solano County Board of Supervisors. Trustees are responsible for signing an Oath of Office.

c. Update on Form 700s (Informational)

Form 700s are due April 1, 2023. Trustees should submit online via the Solano County portal created last year during this time.

**8. Operations and Maintenance Update** (Informational/Action Item)

a. Update from MBK Engineers

Enclosure 3: Agenda Item 8.a – February 2023 Engineer’s Report

b. Ongoing Maintenance Items

Engineer Moncrief provided an update on current conditions at the District. There is one erosion slip where there has been slipping before and there is a lot of seepage. During peak events there was active flood fighting with landowner forces and CCC crews. The system is close to returning to normal conditions.

There is 4000ft of levee roadway that is rutted. The District is still in the emergency window. To replace gravel on all the roads it will be about \$50,000.

**9. Financial Management** (Informational/Action Item)

a. Invoicing

Enclosure 4: Agenda Item 9.a – January Financial Manager’s Report  
Financial Manager Brown reviewed the District finances.

**10. Little Egbert Project Update** (Informational Only)

**11. Other Reports** (Informational Only)

a. Trustee Report(s)

Baldwin: The District pump at the south end (#125) is down and needs to be pulled. It is lengthy and costly process to repair the pump.

b. General Manager’s Report

Staff Member Baker gave the General Manager’s report on behalf of Manager Nagy.

The DWR Director approved advancing into the next phase of project planning and development.

LEJPA and DWR are very close to agreement on SOW and budget for a funding agreement to cover the CEQA phase of the project. The LEJPA Board will consider a resolution declaring their intent to enter

into a funding agreement with DWR during their next Board Meeting on 2/6. Approval in February will place LEJPA and DWR on track to execute the agreement this summer.

LEJPA and DWR have recently been in contact with Solano ALUC staff. We are currently working to schedule a briefing with ALUC staff and their new consultant as early as next week.

LEJPA is continuing coordination with Solano County and SCWA regarding advancing planning and design of the Mellin levee.

Assemblywoman Wilson introduced AB 345 this week based on engagement and encouragement from LEJPA. AB 345 provides broad authority to DWR to advance flood and habitat projects with advanced payments and reduced retention.

c. Counsel Report (if needed)

(None)

## 12. Adjourn

a. The next regular Board meeting is March 2<sup>nd</sup>, 2023.

Trustee Harris moved to adjourn the meeting.

Trustee Gause seconded and it passed by unanimous vote.

AYES: Baldwin, Cook, Gause, Harris, Young

NOES: (none)

ABSTAIN: (none)

RECUSE: (none)

The meeting was adjourned at 9:32am.

The Honorable Rebecca Bauer-Kahan  
Chair, Assembly Water, Parks & Wildlife  
1020 O Street, Suite 6320  
Sacramento, California, 95814

Dear Chair Bauer-Kahan:

Reclamation District 2084 (RD 2084) is pleased to support Assembly Bill (AB) 345 by Assemblymember Lori Wilson. The bill will provide the Department of Water Resources (DWR) with discretionary authority to utilize an advanced payment option when funding local projects that restore vital habitat and/or improve flood protection. AB 345 limits any single advanced payment to no more than 25% of the total project cost. Further, funds will not be advanced by DWR until they are needed by the local agency partner.

RD 2084 is a small, local levee maintaining agency with limited funding to develop large-scale flood protection and/or habitat restoration projects. AB 345 could significantly benefit the continued development and implementation of the Little Egbert Multi-Benefit Project (LEMBP) in our area. The LEMBP has the potential to pair miles of levee improvements near the City of Rio Vista with thousands of acres of habitat restoration in the Yolo Bypass.

In many cases, DWR cannot provide funds to local agencies until after the local agency has paid project expenses. This means the local agency not only pays for their share of these projects, but also finances the State share until the State provides a reimbursement. These types of financial challenges stifle the development of much-needed flood protection and restoration projects. The discretion offered by AB 345 will enable DWR and its local partners to advance the delivery of more multi-benefit projects like the LEMBP.

For these reasons, I respectfully request your AYE vote on AB 345.

Sincerely,

Mark Young, President  
Reclamation District 2084

## MEMORANDUM

March 2, 2023

**TO:** Reclamation District No. 2084

**FROM:** MBK Engineers

**SUBJECT:** **March Engineer's Report**

Trustees:

Described below are the items constituting the engineer's report to be discussed at your scheduled March 2, 2023 meeting.

**2023-2024 Subvention Program:** See attached *Draft* Subventions Application for the 2023-2024 fiscal year for your review. The attached application, and total amount is summarized in the table below. Based on USACE and CVFPB operations and maintenance requirements we've prepared the estimated cost conservatively to provide capacity to perform routine maintenance and repairs. Applications needs to be submitted by April 1, 2023. We have modified the attached application to include language for the current FEMA event, 4683-CA. The significant difference in this years estimated budget is associated with erosion repair at the primary damage location where the emergency repair has slipped.

<b>Annual Routine Maintenance Item</b>	<b>Estimated Cost (\$)</b>
Levee Patrol	10,000
Rodent Control	10,000
All-Weather Roadway	75,000
Subsidence, Sloughing, and Slipouts	50,000
Debris Removal	1,000
Seepage Control	10,000
Clean Drains and Toe Ditches	5,000
Vegetation Control	40,000
Waterside Slope Protection	150,000
Flood Planning and Preparation	25,000
Removing or Modifying Encroachments	25,000
Surveying	10,000
Engineering	40,000
Misc. (gates, signage, etc.)	1,000
Environmental (CDFW, CEQA etc.)	10,000
<b>Total Routine Maintenance</b>	<b>\$462,000</b>

### Winter- Spring 2023 Activities

- 1) Seepage monitoring: Continue to monitor seepage along Cache Slough periodically during normal tidal cycle.
- 2) Erosion monitoring: As part of levee patrols, District should monitor levee for active movement, prepare cost estimate for Cache Slough Repair, given possible assistance for FEMA
- 3) Animal control: monitor waterside slope and shoulder for sinkholes or signs of fresh beaver activity; monitor landside slope for burrowing rodents.
- 4) Roadway Grading – If a significant dry period is maintained the District should consider a contract to repair rutting to the gravel roadway. There is a potential for this work to be eligible for assistance from FEMA.

**Flood Season Update:** Significant rainfall, river stage, heavy winds, and flow has impacted the District levees and interior drainage system. Solano County is included in the FEMA-DR-4683-CA declaration. There is ongoing weather in the system through the next 10 days and additional low snow will be followed by warmer showers and rain through at least the middle of the month. The river system is drawing back down to seasonal normal stages, but we are now looking at a different runoff picture for the Central Valley from a month prior. See attached reservoir summaries. There is a relatively large snowpack, with low snow, and reservoirs are going to operate differently than last month if heavy runoff occurs the remainder of the flood season. We will continue to monitor conditions. The District should look at their current flood fight container supplies, consider what their need is for resupply and also consider what additional supplies may be needed if significant rainfall occurs in March.

**County – OES – FEMA Update:** As of February 22, 2023, Solano County is included in the Disaster Declaration DR-4683 for Emergency Work (categories A-B) and Permanent Work (categories C-G) and the District can engage with CA OES and FEMA to determine level of assistance that is available. The County Applicant briefing is Friday March 10 from 9-1 at Solano County EOC. MBK will be at the briefing on your behalf. The District should get their SAM number and submit their request for Public Assistance ASAP. We can help, see attached guidance for SAM numbers and RPAs. OES and FEMA require many forms, the most critical to start is the OES 130 form which designates authorized agents for the District. .

**Erosion Slip Repair considerations:** We have reviewed the bathymetry data to help understand the near-surface and channel geometry at the emergency erosion repair site. There is a deep hole adjacent to the toe of the levee at this location, and the preliminary cross section data shows a steep levee embankment and slope within the channel, which gives the District perspective on possible future design for a permanent repair. We will submit this project as a permanent repair through FEMA for consideration, along with the emergency measure work already performed during the flood event. Depending on the FEMA approval/obligation the District can consider next options for moving forward with permanent repairs.

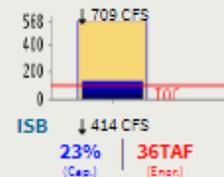

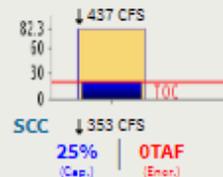

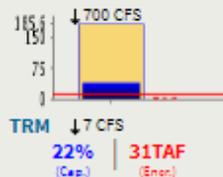

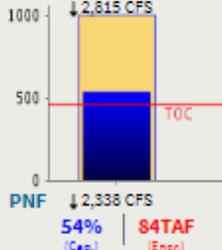

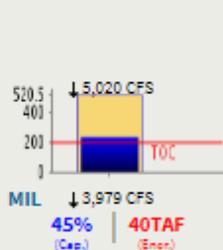

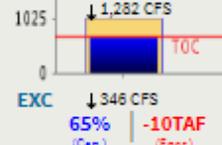

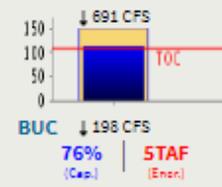

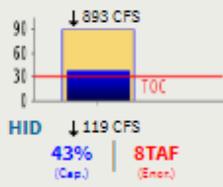

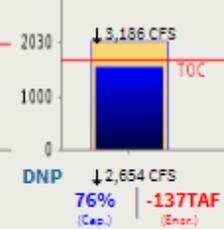

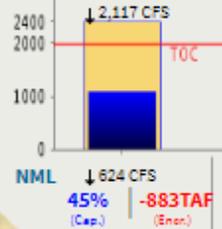

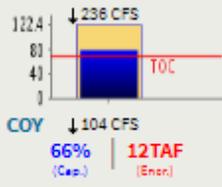

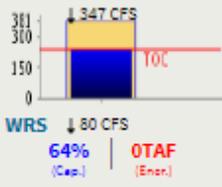

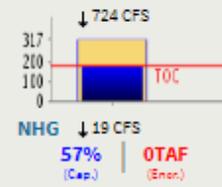

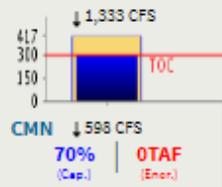

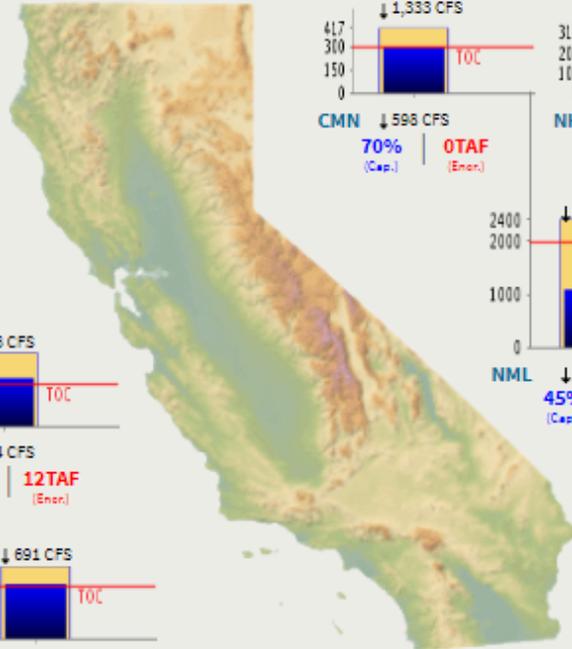

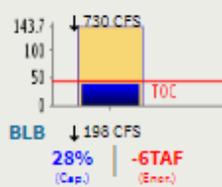

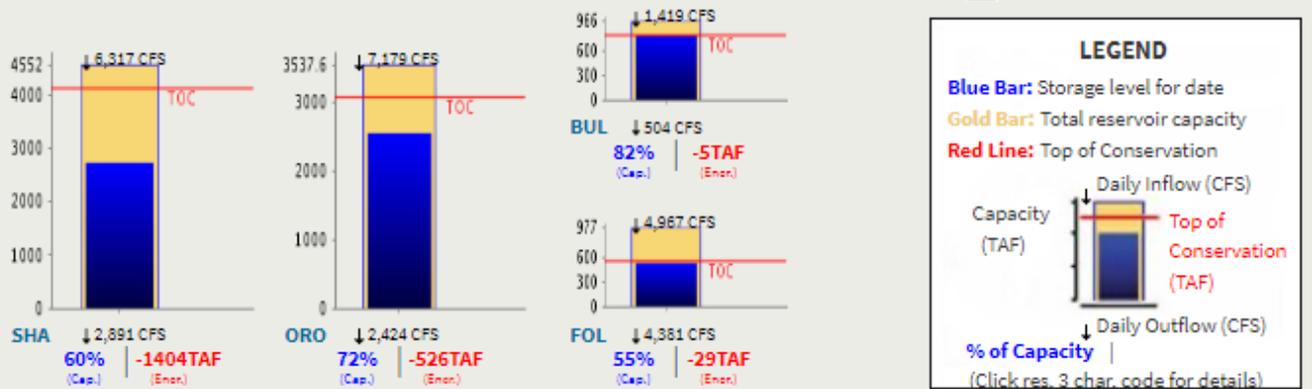

Thanks

Dear Ms. Lobato:

This is in response to your letter dated November 20, 2022, providing comments on the Five-Year Plan. A response to each comment is included below, and the modified Five-Year Plan providing additional information is attached to this letter.

**DWR Comment:** Please consider that the Delta Levees Program only supports levee standards up to the Department of Water Resources Bulletin 192-82 agricultural levee geometry consisting of a levee elevation of 1.5 feet above the 300-year flood elevation, a crown width of 16 ft, a 2H:1V waterside slope, and a landside slope ranging from 3H:1V to 7H:1V.

**Response:** This comment is noted, but the design and planning level estimates and geometry proposed by the District will not be modified based on the minimum design standard for Bulletin 192-82. The 16-foot crown width is a minimum standard, and the landside slope range does not accurately describe the optional stability berm component. The District is not proposing levee rehabilitation to meet the Bulletin 192-82 levee standard, this is a restricted height levee system within the Yolo Bypass.

**DWR Comment:** Under Section 4, please specify that State and Federal avoidance and minimization measures will be followed, and that the types of biological avoidance measures, activities, and dates will be included in future scopes of work and completion reports.

**Response:** See updated language on Page 18: *“State and Federal avoidance and minimization measures will be followed, and that the types of biological avoidance measures, activities, and dates will be included in future scopes of work and completion reports.”*

We look forward to the approval of the Five-Year Plan. If you have any questions or require additional information, please contact Michael Moncrief with MBK Engineers at (916) 456-4400.

Sincerely,

Mark Young,

**RECLAMATION DISTRICT NO. 2084 – LITTLE EGBERT TRACT**

**DELTA LEVEES SUBVENTIONS PROGRAM APPLICATION**

**MARCH 2023**

**TOTAL AMOUNT REQUESTED 2023 – 2024: \$462,000**

**District Summary**

The levee system protecting Little Egbert Tract is under the jurisdiction of Reclamation District No. 2084 (District). This 5.37 miles of levee is along the right bank of Cache Slough, along the west bank of the Yolo Bypass. This is a non-project levee (not part of the Sacramento River Flood Control Project). The District is located east of Egbert Tract, RD 536, and west of Ryer Island, RD 501.

The levee protects approximately 3,000 acres and approximately 5 residents on Little Egbert Tract. The area protected by the District’s levee system is used for agricultural purposes. There are a number of natural gas wells within the area.

**Financial Information and Method of Assessment**

The District utilizes a voluntary assessment and calls assessments as needed from the landowner. The District has no indebtedness. The Agency 20/21 Audit is available for review as Attachment A.

**Work Plans**

**Long-Range Plan**

The District submitted their first Five-Year Plan in March 2022 and is in the process of responding to comments and will submit a revised plan prior to March 31, 2023.

**Annual Routine Maintenance Plan**

The District plans to continue its routine maintenance practices, which it has done consistently for a number of years, as evidenced by the current state of the levee system. Routine tasks include levee patrol; rodent control; all weather roadway repairs; repair of minor subsidence sloughing or slipouts; vegetation control; waterside slope protection; flood emergency planning and preparation; removing or modifying encroachments; engineering services; and other maintenance and permitting as needed.

District trustees and landowners patrol the levee regularly.

Maintenance of levee patrol roads may require placement of all-weather road surfacing for wet weather accessibility. Work will be performed in a manner that will keep dust to a minimum.

District vegetation control consists of three features: spraying, hand and mechanical clearing, and burning. Spraying is performed using land-based equipment applying herbicide to the crown, waterside slope, and landside slope where needed to control noxious vegetation. The levee slopes have been burned yearly to control noxious vegetation. Spraying on the landside levee slope is usually done once each year by contract aerial spraying. The levee burning, and spraying is accomplished after July 1 to avoid impacts to wildlife. The District’s vegetation control practices have been routine for many years. Rodent control is also performed.

The District repairs waterside erosion when required.

The District developed an Emergency Operations Plan with Solano County Office of Emergency Services. The District will procure flood supplies in the near future, utilizing future Delta Emergency Grant Funding through round 3 funds.

As needed, the District may remove, raise, or modify encroachments that endanger the levee or interfere with levee maintenance. The District set station markers every 2,000 feet in 2020.

The routine maintenance of the levee 2023 – 2024 will likely consist of the following items along with the estimated cost. Although final expenditures may differ from the Estimated Cost by category or amount, total expenditures will not exceed the Total Routine Maintenance amount shown.

<b>Annual Routine Maintenance Item</b>	<b>Estimated Cost (\$)</b>
Levee Patrol	10,000
Rodent Control	10,000
All-Weather Roadway	75,000
Subsidence, Sloughing, and Slipouts	50,000
Debris Removal	1,000
Seepage Control	10,000
Clean Drains and Toe Ditches	5,000
Vegetation Control	40,000
Waterside Slope Protection	150,000
Flood Planning and Preparation	25,000
Removing or Modifying Encroachments	25,000
Surveying	10,000
Engineering	40,000
Misc. (gates, signage, etc.)	1,000
Environmental (CDFW, CEQA etc.)	10,000
<b>Total Routine Maintenance</b>	<b>\$462,000</b>

## **Rehabilitation Plan**

The District does not anticipate performing any major levee rehabilitation projects at this time.

## **Compliance with Applicable Laws**

The District will abide by all applicable laws including, but not limited to, labor compliance and mileage reimbursement rates.

- All work, subject to labor compliance laws, will be required to meet the Department of Industrial Relations Labor Compliance Program requirements.
- The District acknowledges that reimbursement of automobile mileage, as it relates to eligible work, will follow the prevailing Federal Standard Mileage Rate for the cost of operating an automobile.

## **Environmental Compliance**

The District has concluded that its routine maintenance practices and levee rehabilitation are Categorically Exempt under the California Environmental Quality Act (CEQA). The District will file a Notice of Exemption with Solano County to that effect.

The District's work activities, for the fiscal year of the application, will be carried out in a manner consistent with the requirements set forth under California Water Code (CWC) Section 12987. The District does not anticipate habitat impacts that would result in a net long-term loss of habitat; therefore, no mitigation is planned. If habitat impacts associated with levee maintenance activities occur, the District will mitigate the impacts to meet the requirements of CWC Section 12987. The District proposes, and hereby requests, to utilize the programmatic enhancement habitat credits, if necessary. The District will comply with the net habitat improvement mandates of the CWC Section 12987.

The District's maintenance plan complies with the California Endangered Species Act, the Federal Endangered Species Act, and California Fish and Game Code § 1600 et seq., regarding Lake and Streambed Alteration Agreements.

The District's maintenance plan is consistent with the Clean Water Act, and the Rivers and Harbors Act, as administered by USACE.

Minor erosion repair may be performed under a project-specific CDFW Streambed Alteration Agreement, and/or a USACE Nationwide Permit, depending on repair requirements. The District will notify responsible agencies of any actions that fall within their jurisdiction as required by law.

## Federal Disaster Assistance

In any given year, the District's expectation is to be ready for potential emergency operations during the flood season. While the District is unable to predict the potential outcome in a given year, there is always the potential for emergency flood fighting, and subsequent levee repairs and rehabilitation. In the case that an emergency (federal, state or local) occurs, the District will properly administer the emergency and seek reimbursement for eligible expenses through all available programs including under PL 93-288. If federal assistance is unavailable, the District will coordinate with the Delta Levees Maintenance Subventions Program for possible reimbursement.

The January 2023 – February 2023 federal-State emergency under FEMA-DR-4683-CA is open to Solano County public agencies to request assistance. The District will be submitting for assistance under this emergency for those eligible items associated with emergency activities and permanent repairs. Depending on the acceptance of FEMA and the California Office of Emergency Services the District will seek assistance from the Subventions Program for any non-eligible maintenance, repair or rehabilitation covered under the program guidelines.

4575.1 SUBVENTIONS APPLICATION 2023-2024

**RESOLUTION  
OF THE BOARD OF TRUSTEES  
OF RECLAMATION DISTRICT No. 2084**

**RESOLVED** that the work included in Reclamation District No. 2084's ("District") 2023-2024 Delta Levees Maintenance Subventions Program Application consists of the maintenance and/or repair of existing levee improvements which involves negligible or no expansion of said improvements' existing uses and, hence, falls within the categorical exemption to the California Environmental Quality Act set forth in California Code of Regulations, title 14, section 15301; that said work does not constitute an exception to the exemptions of the California Environmental Quality Act; and that the District's Engineer is authorized to prepare and file with the County of Solano the appropriate Notice of Exemption on behalf of the District.

**RESOLVED** that the President or Secretary of Reclamation District No. 2084 be and hereby is authorized to execute on behalf of this District that Agreement between the Central Valley Flood Protection Board and the District covering participation in the Delta Levees Maintenance Subventions Program pursuant to Part 9, Division 6 of the Water Code as amended by SB 34, Chapter 28, Statutes of 1988 for fiscal year 2023-2024 and the work to be reported to the State thereunder is determined to be categorically exempt under the California Environmental Quality Act (Pub. Resources Code, § 21000 et seq.) for the reasons set forth above.

**CERTIFICATION**

I, Mark Young, President of Reclamation District No. 2084, do hereby certify that the above is a true and correct copy of the resolution duly adopted by the Board of Trustees of Reclamation District No. 2084 on this day, \_\_\_\_\_.

Executed on \_\_\_\_\_, in \_\_\_\_\_, California.

## Prepare for Entity Registration in SAM.gov

SAM.gov is an official website of the United States government. SAM.gov is FREE to use. There is no charge to get a Unique Entity ID, register your entity, and maintain your entity registration at SAM.gov.

### What can you do with this guide?

The questionnaires and checklists here will help you gather the information you need and prepare to answer the questions in your entity registration.

**All Awards** registration allows you to bid on contracts and other procurements, as well as apply for financial assistance. Look for the icon on the left to submit an All Awards registration.

[Jump to All Awards entity registration questionnaires and checklists](#)

**Financial Assistance Awards Only** registration allows you to apply for financial assistance, or grants and loans, only. Look for the icon on the left to submit a Financial Assistance Only registration.

## All Awards Registration Questionnaires and Checklists

You need to enter the following information for an All Awards entity registration:

### **ID** Unique Entity ID

After you select your purpose of the registration (All Awards) and your entity type, you will enter the following information to get a Unique Entity ID:

- Legal Business Name
- Physical Address (A post office box may not be used as your physical address)
- Date of Incorporation
- State of Incorporation (Entities outside the U.S. may need to provide alternate information)
- National Provider Identifier (NPI) (Non-U.S. entities only)

Your entity name and address will be [validated by SAM.gov](#). If SAM.gov cannot validate your entity, you can [create a help ticket](#) with the Federal Service Desk from the page. Once you receive your Unique Entity ID, you can continue the registration.

You will also select whether you want your entity to be visible in public search results:

Note: Publicly viewable entity records display your record status, legal business name, and physical address on SAM.gov. You can restrict the public viewing of your record by deselecting the checkbox. If you restrict your information, it will not be visible to other non-federal entities or state and local governments who may wish to do business with you. However, your non-sensitive entity information remains available to federal government users and those who download the SAM public data file.

### Core Data

Core data includes the following information:

#### Business Information

- Organization start date
- Date on which your company's fiscal year ends
- Organization's division name and number (optional)
- Organization's website URL (optional)
- Marketing Partner Identification Number (MPIN) (You will create this when you register.)
- Physical address (auto-filled from [Unique Entity ID section](#))
- Mailing address (You can copy your physical address or enter a different address.)
- Taxpayer Identification Number (TIN) (U.S. entities only)

#### IRS Consent

- IRS Consent Form (taxpayer name and address) (U.S. entities only)

## CAGE or NCAGE Code

- CAGE Code (U.S. entities only) (If you do not have a CAGE code, select “No” and one will be assigned to your entity after you submit your registration.)
- NCAGE Code (Non-U.S. entities) (If your entity is based outside of the U.S., you must go to the [NCAGE Request Tool](#) and request an NCAGE code before starting a SAM.gov registration.)

## Ownership Details

- Is your entity owned or controlled by another entity? (yes or no)
  - If yes, is your immediate owner located outside the U.S. and its territories? (yes or no)
    - If yes, enter your immediate owner’s NCAGE Code. (Required for non-U.S. entities to start a registration)

## Predecessor Details

- Is your entity a successor to a predecessor entity that held a federal contract or grant within the last three years? (yes or no)
  - If yes, provide your three most recent predecessors in reverse chronological order (newest to oldest). Start by entering your most recent predecessor’s CAGE or NCAGE Code.

## General Information

- Country of Incorporation
- State of Incorporation (U.S. entities only)

      - Administrative proceedings resulting in a finding of fault with either a monetary fine or penalty greater than \$5,000 or reimbursement, restitution, or damages greater than \$100,000, or other acknowledgment or fault?
  - If you answer yes to all three above questions, you must provide the following detailed information about each current proceeding against your entity:
    - Instrument

- State
- Instrument Number
- Type of Proceeding
- Disposition
- Description of the Proceeding

## Assertions

Assertions include the following information:

### Goods and Services

- North American Industry Classification System (NAICS) codes
  - Go to <https://www.census.gov/naics/> to lookup NAICS codes for your organization
- Product Service Codes (PSCs) (optional)
  - Go to <https://www.acquisition.gov/content/product-and-service-code-manual> to lookup PSCs for your organization

### Size Metrics

- Worldwide (organizational size information according to [13 CFR 121](#))
  - Annual receipts
  - Number of employees
- Locations (optional)
  - Annual receipts
  - Number of employees

### Electronic Data Interchange (EDI)

- Do you wish to enter EDI Information for your non-government entity? (yes or no)

### Disaster Response Information

- Do you wish to be included in the Disaster Response Registry? (yes or no)
  - If yes, does your company require bonding to bid on contracts? (yes or no)
    - If yes, provide in whole dollars:
      - Construction bonding level, per contract
      - Construction bonding level, aggregate
      - Service bonding level, per contract
      - Service bonding level, aggregate
  - Geographical area served (any state, one state, or multiple states)

- (13) If you indicated that you are a Joint Venture Women Owned Small Business on the General Information page in the [Core Data section](#), provide the name of the company participating in the Joint Venture with your entity.
- (14) If you indicated that you are a Joint Venture Economically Disadvantaged Women Owned Small Business on the General Information page in the [Core Data section](#), provide the name of the company participating in the Joint Venture with your entity.
- (15) Does your entity provide any data to the government that qualifies as limited rights data or restricted computer software? (yes, no, or vendor will provide information with specific offers to the government)
  - If yes, please list limited rights data or restricted computer software.

### FAR Response 3

- (16) Your structure type and how your business or organization is defined by the IRS will be pre-filled based on your answers on the General Information page of the [Core Data section](#). If you selected “Other” as your type, you will be provided with a box to enter more information.
- (17) Is your entity a small disadvantaged business concern? (yes or no) (If your entity is not a small disadvantaged business based on the size metrics data provided in the [Assertions section](#), you will not be able to answer this question.)
- (18) Reserved (no answer required)
- (19) Does your entity deliver any end products (from the corresponding country of origin) that are listed on the [List of Products Requiring Federal Contractor Certification as to Forced or Indentured Child Labor](#) under Executive Order No. 13126? (yes or no)
- (20) Has your entity held previous contracts/subcontracts subject to [Federal Acquisition Regulation \(FAR\) 52.222-26 \(Equal Opportunity\)](#)? (yes or no)
- (21) Are any end products delivered to the Government by your entity foreign (non-domestic) end products? (yes, no, or vendor will provide this information with specific offers to the government)
  - If yes, list the products and their corresponding country of origin.
- (22) Has your entity filed all required Equal Employment Opportunity compliance reports? (yes or no)
- (23) Choose the statement that best applies to your entity’s affirmative action programs. The statements you may choose from are:
  - Your entity has developed and has on file affirmative action programs required by Secretary of Labor Regulations
  - Your entity does not have developed and does not have on file affirmative action programs required by Secretary of Labor Regulations

- Your entity has not had previous contracts subject to written affirmative action program requirements from Secretary of Labor Regulations
- (24) Does your entity provide maintenance, calibration, and/or repair of information technology, scientific and medical and/or office and business equipment? (yes, no, or vendor will provide information with specific offers to the government.)
  - If yes, you need to answer additional questions about who services your equipment, if your equipment is used regularly outside of government purposes, if it is sold or traded to the general public, if your service prices are based on an established catalog or on market prices, and if your entity uses wage and fringe benefits plans for all service employees performing work under government contracts as it uses for equivalent employees servicing the same equipment for commercial customers.

### FAR Response 4

- (25) Does your entity provide services as described in [FAR 22.1003-4\(d\) \(1\)](#) (Service Contract Labor Standards), [FAR 52.212-3](#) (Commercial Products and Commercial Services), and [FAR 52.222-52](#) (Service Contract Labor Standards to Contracts for Certain Services-Certification)? (yes, no, or vendor will provide information with specific offers to the government.)
  - If yes, you need to answer additional questions about whether your services are offered and sold regularly to non-government customers in substantial quantities in the course of normal business operations, if your service prices are based on an established catalog or on market prices, whether you can ensure each service employee will spend less than 20% of their time servicing the government contract, and if your entity uses wage and fringe benefits plans for all service employees performing work under government contracts as it uses for equivalent employees servicing the same equipment for commercial customers.
- (26) If any of the PSCs you entered in the Goods and Services page in the [Assertions section](#) are Federal Supply Codes (FSC), you need to provide whether the place of manufacture for each FSC code is in the U.S. or outside the U.S.
- (27) Is your entity an inverted domestic corporation? (yes or no)
- (28) Is your entity a subsidiary of an inverted domestic corporation? (yes or no)
- (29) Reserved (no answer required)
- (30) Is your entity a corporation with a delinquent tax liability? (yes or no)
- (31) In the last 24 months, has your entity been convicted of a felony criminal violation under a federal law? (yes or no)
- (32) Did your entity receive \$7.5 million or more in federal contracts during the previous federal fiscal year, requiring it to publicly disclose greenhouse gas emissions and reduction goals, or did your entity receive less than \$7.5 million federal contracts during the previous federal fiscal year and still want to publicly disclose greenhouse gas emissions and reduction goals? (yes or no)
  - If yes, add a URL to a publicly accessible website to access the results of a greenhouse gas inventory.

- Additionally, does your entity, through itself or its immediate owner or highest-level owner, publicly disclose a quantitative greenhouse gas emissions reduction goal? (yes or no)
  - If yes, add a URL to a publicly accessible website to access the target to reduce absolute emissions or emissions intensity by a specific quantity or percentage.
- (33) (part 1) Does your entity provide covered telecommunications equipment or services as a part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument? (yes or no)
- (33) (part 2) Does your entity use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services? (yes or no)

### Architect-Engineer Response

- (34) If you did not enter a NAICS code connected to architect and engineer activities, you will see the following text “Our records indicate that <Entity Name> has not selected NAICS 541310, 541320, 541330, 541360, 541370, 541410 or 541620. SF 330, Part II information is not applicable.” You will not be asked any additional questions on this page.
- If you did enter one of the applicable NAICS codes, you can provide additional information to complete your SF 330 Part II.
  - Are you interested in applying for Federal Architect-Engineer contracts under [FAR Part 36](#) and want to enter an SF 330, Part II for this entity? (yes, no, or vendor will provide information with specific offers to the government)
    - If yes, then you will be required to enter additional information.

## Financial Assistance Awards Only Registration Questionnaires and Checklists

You need to enter the following information for a Financial Assistance Awards Only entity registration:

### ID Unique Entity ID

After you select your purpose of the registration (All Awards) and your entity type, you will enter the following information to get a Unique Entity ID:

- Legal Business Name
- Physical Address (A post office box may not be used as your physical address)
- Date of Incorporation
- State of Incorporation (U.S. entities only)

Your entity name and address will be [validated by SAM.gov](#). If SAM.gov cannot validate your entity, you can [create a help ticket](#) with the Federal Service Desk from the page. Once you receive your Unique Entity ID, you can continue the registration.

You will also select whether you want your entity to be visible in public search results:

Note: Publicly viewable entity records display your record status, legal business name, and physical address on SAM.gov. You can restrict the public viewing of your record by deselecting the checkbox. If you restrict your information, it will not be visible to other non-federal entities or state and local governments who may wish to do business with you. However, your non-sensitive entity information remains available to federal government users and those who download the SAM public data file.

## Appendix II

### What is an entity?

The term “entity” refers to prime contractors, organizations or individuals applying for assistance awards, those receiving loans, sole proprietors, corporations, partnerships, and any U.S. federal government agencies desiring to do business with the government. “Entity” can also refer to a party that has been suspended or debarred, is covered by a prohibition or restriction, or is otherwise excluded from doing business with the government.

### What is entity registration?

An entity registration allows you to bid on government contracts and apply for federal assistance. We will assign you a Unique Entity ID as part of entity registration.

Comprehensive and current entity information is essential for the federal award process. It is important to prepare your information and allow sufficient time to understand and accurately complete your registration. You only need to complete and manage it here to remain eligible for federal awards. You must renew your registration every 365 days for it to remain active.

### When will my registration become active?

Allow at least **ten business days** after you submit your registration for it to become active in SAM.gov. If your entity fails TIN or CAGE code validation, you will receive an email with instructions on updating your information and resubmitting your registration. Please check your spam or junk mail for messages during this time; messages will be sent to the Government Business POC. You may need to work with the IRS or CAGE to update your information before resubmitting your registration.

### How do I check the status of my entity registration?

If you have a role with an entity and are signed in to your SAM.gov account, you can check your entity registration status. You can also check the status of an entity’s registration as a federal user. If none of these is the case, you cannot check an entity’s registration status.

1. Sign in to SAM.gov. You must be signed in to check your registration status.
2. From the home page, select the “Check Registration Status” button. The page is also linked in the footer of all pages on SAM.gov.
3. Enter a Unique Entity ID or CAGE Code and select “Search.” The entity’s registration status will display below.

#### Rules and rates

You may be eligible for a lower rate. Find out about optional rates or view a complete list of rules and rates, visit [www.pge.com](http://www.pge.com) or call 1-800-743-5000.

If you believe there is an error on your bill, please call **1-800-743-5000** to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/).

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

#### Important definitions

**Rotating outage blocks** are subject to change without advance notice due to operational conditions.

**Demand charge:** Many non-residential rates include a demand charge. Demand is a measurement of the highest usage of electricity in any single fifteen (or sometimes five) minute period during a monthly billing cycle. Demand is measured in kilowatts (or kW). High demand is usually associated with equipment start-up. By spreading equipment start-ups over a longer period of time, you may be able to lower demand and reduce your demand charges.

**Time-of-use electric** prices are higher every day during afternoons and evenings, and lower at other times of the day. Prices also change by season, with higher prices in the summer and lower prices in the winter.

**Wildfire Fund Charge:** Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

**Power Charge Indifference Adjustment (PCIA):** The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit [www.pge.com/cca](http://www.pge.com/cca).

**Wildfire Hardening Charge:** PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E. PG&E is collecting the Wildfire Hardening Charge on behalf of the Special Purpose Entity. For details visit: [www.pge.com/tariffs/assets/pdf/tariffbook/ELEC\\_PRELIM\\_JF.pdf](http://www.pge.com/tariffs/assets/pdf/tariffbook/ELEC_PRELIM_JF.pdf).

**Recovery Bond Charge/Credit:** Your bill for electric service includes a charge that has been approved by the CPUC to repay bonds issued for certain costs related to catastrophic wildfires. Separately, a PG&E trust provides a customer credit equal to the charge for customers. Visit [www.pge.com/billexplanation](http://www.pge.com/billexplanation) for additional details on charge item.

**Gas Public Purpose Program (PPP) Surcharge.** Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Visit [www.pge.com/billexplanation](http://www.pge.com/billexplanation) for more definitions. To view most recent bill inserts including legal or mandated notices, visit [www.pge.com/billinserts](http://www.pge.com/billinserts).
